STANDARDS OF INSPECTION

TERMS AND CONDITIONS GOVERNING THIS AGREEMENT STATEMENT REGARDING LICENSING

Home inspectors operating in British Columbia are required to be licensed under the Business Practices and Consumer Protection Act and are regulated under that Act. The services of a home inspector are not provided on behalf of, or in affiliation with, the Province of British Columbia or the Consumer Protection and Business Practices Authority (commonly known and doing business as Consumer Protection BC. For more information on the regulation of home inspectors, what a home inspection should involve, how to select a home inspector and about your rights as a consumer, please contact Consumer Protection BC.

1. Scope of Services

- 1.1. The Inspector will perform an inspection of the Property in accordance with the Applied Science Technologists and Technicians of British Columbia Property Inspectors (ASTTBC PI) Standards of Inspection approved by the Applied Science Technologists and Technicians of British Columbia (the 'Inspection'):
- 1.2. (place link here or attach – according to CPBC, a link to the document is sufficient)The inspection shall be limited to a ***visual inspection*** performed by direct observation of existing conditions reasonable apparent at the time of inspection in accordance with the Standards of Inspection and Scope of Inspection.
- 1.3. The Inspection will not identify or report on the presence of mould, asbestos, radon gas, lead paint, urea formaldehyde, toxic or flammable chemicals, and/or soil contamination.
- 1.4. Following the Inspection, the Inspector will provide the Client with a written Report of the Inspection (the 'Report'), on or before the date and time specified in this contract, which will include all of the items specified in the Standards of Inspection and this contract.

2. Liability

This section contains the limitations upon any liability that may be imposed in law upon the Inspector arising from the professional services provided to you by that inspector. Please read carefully.

- 2.1. Any and all actions, causes of actions, contracts, demands or claims, whether in contract, negligence, or otherwise known to law, which you may have arising out of services provided to you by the Inspector, hereinafter referred to as a "Claims" or "Claim", shall be regarded as a single claim subject to the further limitations of liability set out below.
- 2.2. The liability of the Inspector, whether in contract, tort (including negligence) or other cause of action known to law shall be limited to the amount of our professional liability insurance in effect as at the date of the Claim being made known to us and only to the extent that such insurance is available to satisfy the Claim. *If this limit of liability is insufficient for your purpose, the Inspector would be pleased to discuss with you a different limit which, if greater than \$50,000 may result in our charging a higher fee.*
- 2.3. If the inspector is incorporated, you expressly agree that you will not bring any proceedings in any arbitration or court of any jurisdiction advancing any Claim against our professional staff and employees.
- 2.4. You expressly agree that any liability, the Inspector may have to you shall not be joint and several with any other person, but shall be several only, and limited to the percentage or degree of the Inspector's fault in proportion to the fault or wrongdoing of all

MUNRO HOME INSPECTIONS LTD. MUNRO COMMERCIAL INSPECTIONS

2860 Mt. Seymour Parkway, North Vancouver, BC, V7H1E9

persons who contributed to the loss arising from the Claim

2.5. The Inspectors liability for all Claims you may have or bring in connection with the professional services rendered or arising out of or ancillary to this Agreement shall absolutely cease to exist after a period of two (2) years from the date of:

- a) Performance of the Inspection;
- b) Delivery to you of our Inspector's Report;
- c) Suspension or abandonment of this Agreement; or
- d) Termination of the Inspector's services pursuant of this Agreement,

Whichever shall occur first, regardless of whether you were aware of the potential for making a Claim against the Inspector within that period. Following the expiration of the aforesaid period, you agree that you shall make no Claim against the Inspector, the Inspector shall have no liability to you, and you shall not bring any proceedings of any kind known to law against the Inspector.

2.6 The intellectual material amassed from the Inspections is the property of the Inspector. The Report shall be prepared for the Client's information only and may not be used or relied upon by any other person unless that person is specifically named in this Agreement as a beneficiary of the Report, in which case the Report may also be used by the additional beneficiary named. The Client agrees to maintain the confidentiality of the Report and reasonably protect the Report from distribution to any other person. If the Client directly or indirectly causes the Report to be distributed to any other person, the Client shall indemnify, defend, and hold the Inspector harmless against the claim of any third party.

3. No Warranty

3.1. The Inspection does not constitute a warranty, an insurance policy or a guarantee or any kind.

4. Dispute Resolution

4.1 In the event of any Claim arising under this Agreement, the Client shall immediately give notice in writing to the Inspector of all particulars of the Claim and shall give the Inspector all reasonable opportunity to inspect the Property and, where appropriate, resolve the matters in dispute.

4.2 The Client acknowledges that any failure on the Client's part to give timely notice of all particulars of the Claim will deprive the Inspector of the opportunity to reasonably investigate and, where appropriate, resolve the Claim. In the event that the Inspector is prejudiced by the Client's failure to give notice of the Claim in accordance with Section 4.1 of this agreement, then the Client expressly waives any right to recover from the Inspector any losses arising from the Claim.

5. Other Provisions

- 1.1 Payment in full is due upon the completion of the Inspection and prior to delivery of the Report.
- 1.2 The validity or unenforceability of any provision in this Agreement shall not affect or impair the validity or enforceability of any other provision. The remainder of this Agreement shall remain in full force and effect.
- 1.3 This Agreement contains the entire agreement between the parties, and shall be binding upon and enforceable by the parties, their heirs, executors, administrators, successors and assigns.

MUNRO HOME INSPECTIONS LTD. MUNRO COMMERCIAL INSPECTIONS

2860 Mt. Seymour Parkway, North Vancouver, BC, V7H1E9

- 1.4 The Client agrees to obtain permission from the seller permitting deactivation of the distribution portion of the electrical panel so that the cover may be safely removed by the Inspector to inspect the interior.
 - 1.5 The Client shall ensure the Inspector has access to the property; that a designated party provides security for the property during the inspection process and that someone responsible for the property will ensure that the property is secured upon the Inspector's departure.
 - 1.6 This Agreement shall be construed in accordance with, and governed by, the laws of British Columbia.
 - 1.7 Where required, the singular shall be read in the plural, and the gender the masculine or feminine.
 - 1.8 Time shall be of the essence of this Agreement, save as otherwise specified in this Agreement.
-

ASTTBC PI STANDARDS OF INSPECTION

Part 1: Glossary (*CONTAINS ALL CAPITALIZED AND ITALICIZED WORDS IN THIS DOCUMENT*)

ASTTBC & ASTTBC PI: The Applied Science Technologists and Technicians of British Columbia (see <http://www.asttbc.com/> for more information). ASTTBC is the certifying body for the members of ASTTBC PI. Applied Science Technologists and Technicians of British Columbia Property Inspectors (see www.asttbcpi.org for more information).

COMMON AREA(S): In condominium and some cooperative housing projects, the areas not owned by an individual owner of the condominium or cooperative residence, but shared by all owners, either by percentage interest or owned by the management organization. Common areas may include recreation facilities, outdoor space, parking, landscaping, fences, laundry rooms and all other jointly used space. Management is by a homeowners' association or cooperative board, which collects assessments from the owners and pays for upkeep, some insurance, maintenance and reserves for replacement of improvements in the common areas.

DIRECT OBSERVATIONS: Observation within arm's length.

INSPECTED UNIT: (Relating to Multi-Family Dwellings) - Individual suite, apartment, or unit being inspected. Does not include any common area(s).

INSPECTOR: Members of *ASTTBC PI* having the appropriate technical training, experience, knowledge, and qualifications and who have been certified by ASTTBC with the designations of Certified House Inspector (CHI) or Certified Property Inspector (CPI).

MULTI-FAMILY DWELLING: Building or group of buildings on a single lot arranged or designed for occupancy by two or more families, with separate housekeeping and cooking facilities for each **and** where the individual family units have unique legal addresses. A house with a legal suite is **NOT** considered a Multi-Family Dwelling. The Multi-Family Dwelling usually refers to a condominium but can also refer to buildings under the control of a Housing Cooperative, Single Owner Rental Apartment Complexes, etc.

QUALIFIED TRADES PERSON: A certified and licensed professional in their field (Plumbers, Carpenters, Electricians, etc.)

REGISTERED PROFESSIONAL: Individuals who are registered members of the Professional Engineers and Geoscientists of BC (APEGBC) or the Architectural Institute of BC (MAIBC) or Applied Science Technologist – ASCT (ASTTBC) or Certified Technician – C Tech (ASTTBC).

SPECIALIST: Individuals having the appropriate technical training, experience, knowledge, and qualifications for obtaining a provincial license or trade qualification or; a **REGISTERED PROFESSIONAL practicing within their area of specialization.**

UNIT ENTITLEMENT: (Relates to Condominiums) - Number assigned to each strata lot that determines the share of common property and assets belonging to each strata lot; and the share of strata corporation expenses and liabilities of each strata lot owner.

MUNRO HOME INSPECTIONS LTD. MUNRO COMMERCIAL INSPECTIONS

2860 Mt. Seymour Parkway, North Vancouver, BC, V7H1E9

VISUAL INSPECTION: Observation without the use of any specialized tools or equipment.

READILY ACCESSIBLE: In the sole determination of the inspector, visually observable and able to be examined without requiring destructive measures; without risk to the inspector or others; without risk of damage to any item of personal or real property; without requiring the inspector to move, remove, damage, or disturb any wall, floor, ceiling, or window coverings; or any interior or exterior claddings or finish treatments; to move, remove, damage, disturb, climb upon, climb over, or straddle any item of personal property; to move, remove, damage, or disturb any landscape elements; or to interrupt the business of occupants, and not requiring disassembly or the use of any special protective clothing or special tools or equipment.

Part 2: Purpose and Limitations of the Inspection

1. The Inspection is a *VISUAL INSPECTION* performed by *DIRECT OBSERVATION* of existing conditions at the time of inspection and will be conducted by a *CERTIFIED HOME INSPECTOR (CHI)* or *CERTIFIED PROPERTY INSPECTOR (CPI)* (identified as the *inspector* in the rest of this document) acting in accordance to this *ASTTBC PI Standards of Inspection* approved by *ASTTBC*.
2. The inspectors with CHI-P and CHI designations are limited to the inspection of single-family dwellings, duplexes, individual townhouse units, single units in apartment buildings and multi-family complexes up to four units which shall commensurate with their level of certification, qualification, experience and knowledge. Inspectors with a CPI designation can inspect all residential properties as well as commercial, industrial, or investment real estate property.
3. The inspection is of a general nature and not that of a *specialist*. A *specialist* serves to provide additional analysis and opinion of adverse conditions or defects identified, beyond the scope of the inspection. **Clients should be aware of the limitations of this inspection and are encouraged to carefully consider any recommendations for further investigation, read and understand all pertinent strata reports, documents, minutes, and records, and seek any further investigation or clarification prior to purchase.**
4. The *inspector* shall NOT offer warranties or guarantees of any kind for any building system or component.
5. The *ASTTBC PI Standards of Inspection* does NOT cover or require the *inspector* to identify or report on the presence of asbestos, radon gas, lead paint, urea formaldehyde, toxic or flammable chemicals, and/or soil contamination.
6. The *inspector* is NOT required to perform any calculations or analyze any part of the building or components relating to design, engineering or architectural concepts, including, but not limited to the strength and adequacy, methods, materials, costs for any corrections, the efficiency of any system or component or compliance with any regulatory requirements, laws or bylaws.
7. The *inspector* is NOT required to locate, confirm, verify, or comment on property lines, borders and markers or any easements, right of ways, restrictions which may or may not exist against the subject property, buildings, dwelling or dwelling unit.
8. The *inspector* will NOT comment on life expectancy, but may however offer an opinion based on the typical life cycle of a system or component.
9. The inspector is NOT required to provide cost estimates, quotations or comment on construction techniques and shall not advertise, or promote an individual contractor or person for any repairs, modifications, or improvements necessary.
10. The *inspector* is NOT required to dismantle any item or assembly to gain visible access, or move personal items, furniture, equipment, plant life, soil, ice or snow, insulation, or other debris, which obstructs access or visibility for the inspection.
11. The *inspector* will NOT perform any task, enter any area, or disturb any existing condition where, in the inspector's judgment, damage could result, specialized safety equipment is required, or the safety of the inspector is endangered.
12. The inspector will NOT comment on any system that is mechanically or electrically disconnected, including any equipment that is in the off position or is otherwise not operational. However, the inspector may provide a limited description of what has been observed.
13. The *inspector* will NOT accept compensation, financial or otherwise, from more than one interested party for the same service without the consent of all interested parties.
14. The *inspector* shall NOT directly or indirectly offer, advertise or promote any other professional services relating to the advertising, sale, appraisal, or lending, of the subject building or property.
15. The *inspector* shall submit a report of findings that includes a copy of the *ASTTBCPI Standards of Inspection* and a service engagement contract. Furthermore, it is recommended that the inspector provide a service engagement contract to the client prior to the inspection, for adequate review and approval by the client.
16. The Inspector shall retain a copy of the Engagement Contract, the Standards of Inspection and the Scope of Inspection for his records that has been signed and initialed by the Clients.

MUNRO HOME INSPECTIONS LTD. MUNRO COMMERCIAL INSPECTIONS

2860 Mt. Seymour Parkway, North Vancouver, BC, V7H1E9

Part 3: Scope of Inspection

Special Limitations to Scope:

1. In the case of *MULTI-FAMILY DWELLINGS*, it is the client's responsibility to arrange access to all building *common areas* requiring inspection. The *INSPECTOR* will not inspect any secured *COMMON AREA(S)* unless permission has been granted and access provided by an authorized building representative (Property Manager, Caretaker, Council Member, etc.).
2. Any component not directly identified on the individual *INSPECTED UNIT* as part of title and is generally believed in the real estate industry, as being maintained by the *STRATA* is defined as part of the *COMMON AREA*. The inspection of *COMMON AREAS*
 - a) is limited to a cursory review of easily accessible *COMMON AREAS* appropriate in the circumstance and subject to any limitations; and
 - b) terms, or conditions established by the recognized building representative. Identification of what is *UNIT ENTITLEMENT* and what is *COMMON AREA* is not the responsibility of the Inspector.

1.0. Roofing

An Inspector is required to: <ol style="list-style-type: none"> 1. Observe and report on the systems and components listed herein. 2. Perform tasks noted herein. 	
Single Family Detached:	Multi-Family/Strata:
<ol style="list-style-type: none"> 1. Roofing components and roof coverings 2. Roof penetrations and flashings 3. Roof drainage components, including gutters and downspouts 4. Chimneys 5. Report on any observed evidence of current/past water penetration and/or condensation 	<ol style="list-style-type: none"> 1. As per single family dwellings except for those components located in common areas outside of the inspected unit. 2. Offer comments only of a general nature based on a limited observation of accessible roofing components located in common areas outside of the inspected unit.
An Inspector is not required to: <ol style="list-style-type: none"> 1. Observe and report on the systems and components listed herein. 2. Perform tasks as noted herein. 	
Single Family Detached:	Multi-Family/Strata:
